This book sets out simple, easy ways for anyone to save family members money and hassles when the time comes. It makes things much easier for surviving family members and you don't need a lawyer. And states are changing their laws to give people more ways to avoid probate.

Superb resource! One of the best I have seen in years of researching ways to protect my estate for my heirs. I recommend EVERYONE WHO OWNS A HOME OR HAS A BANK ACCOUNT TO BUY THIS BOOK! I spent a lot of money and time setting up trusts for my 3 rental properties and nothing was mentioned about a Transfer on Death deed or transfer on death for bank accounts. This book, although it seems long, is actually super-quick to read the specific information that pertains to YOUR state and situation. Best money you'll EVER spend!! I am single, retired, and have had to find estate paperwork while grieving for both a parent and a sister. In both cases, although neither had any resources worth spitting at, the estates were a huge hassle to settle. If both of them had used the simple and inexpensive methods in this book, it would have been so much easier. Do a favor to your loved ones, do the paperwork NOW--don't make them do it later.

A very useful book. It is very easy to understand and easy to read.

Useful information for an important topic.
