Customer Reviews

Jan Dodd is a contributor on The Rough Guide to France and co-author of Rough Guides to Vietnam and Japan.

This book is great (content) as are all Cadogan Guides. It arrived promptly and in apparent good condition. It wasn't until I began to read it that I noticed that pages had been torn out. These were important pages to the content of the book. I paged through the rest of the book and found several other places in which the same thing had happened. Returned it to - received an immediate

replacement in mint condition. Thank you, .
