## Synopsis

I'll give her what she craves and take what I want. The devils left her shattered and broken. She needed a savior, but what she got was a monster. A monster who wants to hear her plead. A monster who will make her scream. They stripped everything from her and took what little she had left. She was left broken and hollow with no-one else to turn to. When I found out what the bastards did to her. When I saw how the way they left her. Something inside of me snapped. She knew her share of monsters. She knew men like me. But I'll be goddamned if I let her go. Not before I tame her. Not before I own her. Not before I take what I want. Again and again. Until she's mine.

## Customer Reviews

Wow! Evelyn Glass never disappoints with her stories and this one is no different. Please be aware that there are a few very dark scenes in this book. If that's not for you, you may want to consider skipping this one. Otherwise, this is a fantastic story! Drama, kidnapping, frantic searches, danger, abuse, passion, love and motorcycle races. This one will take you on a hell of a ride and you will

enjoy every minute of it. Absolutely loved that Evelyn Glass was not afraid to go to the dark places for this story as it really brought your emotions to the foreground and helped you understand that a mother will do anything for her child. The pages never stopped turning with this one. I voluntarily reviewed an advanced copy of this book. A gripping dark MC romance with Dix who builds racing bikes for the Cutthroats 99 and Daisy a single mother their paths cross when Daisy needs the assistance of the club and Dix is the member chosen to assist. The story is told from Dix's and Daisy's points of view both have their own trauma to deal with and the interactions between them are intense at times but also there is clearly a chemistry and sexual attraction leading to some v. hot scenes. Dix's friends are the typical biker band of brothers all for one and one for all. I love those guys and their codes of loyalty and courage under fire. When the enemy is at the gates it will take all the Cutthroats strength to overcome the threat and all of Dix's and Daisy's resolve to stay strong and overcome their fears. This was an absorbing fast paced read. I received a copy of this book from the author.

I volunteered to read this book. I loved it. It was filled with drama, suspense, violence and so many emotions. Daisy divorced her husband who is a bad guy who beat her and cheated on her. He is with Firechrome MC and they did nothing to help. He sent someone to kidnap his son from her mom. The police are doing nothing so she goes to find them. Getting info her head to Douglas and asks the Cutthroat 99 MC to help her find him for information. The Firechrome MC are in town to take over their illegal racing and cause trouble. She meets Dixon and he ends up helping her and falling in love with her. She feeling guilty because she is happy with him but missing her son. She finds him and tries to get him back but Leo keeps making threats and beats her up again. Can she get her son back from him or have to go back to the abusive ass. Can Dixon save her and the club?.

Dixon loses his best friend in a motorcycle accident and he's determined to find out how it happened. Meanwhile, Daisy shows up at his club looking for her 5-year-old son that her loser soon to be ex-husband has kidnapped. She convinces Dixon to help her find him after she gives him

some info his club needs regarding a possible takeover by her ex's club. The two clubs battle for the racing money and Daisy gets stuck in the middle trying to find her son, who is sick. Dixon races for her after her ex kidnaps her and beats her. Winner take all including Daisy and her son and the racing enterprise. Lots of action and romance. Great book. Hard to put down. I received this book as an ARC for an honest review.

I voluntarily review a copy of this unique different story for an MC Romance there was lots of action between two rival MC clubs wanting to take over the other. Daisy's ex- husband is in the rival MC Club and he kidnapped her 5 yr. old son she goes to see Dixon he's in the Cutthroat 99 MC Club and tells him what her husband has done taking her son and there plans to take over there club. This is a must read story you have to read to see how things turn out between Daisy her son, Dixon and of course her ex-husband who has taken her son and now her will Dixon be able to save them great story awesome characters I highly recommend this story.

Skip the blurb about the book. It does not do the book justice. Does not even come close. Excellent characters (even secondary characters), strong storyline, excellent details given and a great contrast of MC style. One for the community, one for themselves. I'd be interested to see how Daisy's parents reacted to Dixon. Evelyn Glass has consistently provided readers with 5 star MC books. I don't think I've ever been disappointed and this one is no different. I actually could feel Daisy's anger and pain regarding Riley. I received an ARC. I kinda feel like I cheated the author because I would have paid to read a story this good.

Evelyn sure knows how to write a good book. This is dark, with some very dark themes. There is abuse, kidnapping, captivity and a romance that has a dark side too. However if you can deal with all of that then you will see that this book is so worth it. You will fall in love with not only the story itself, but the people in the book too. The way that Evelyn wrote them it was so easy to fall in love with them too. They are well developed and the chemistry was so hot between them . If you like a good MC book, then I highly recommend this one. I voluntarily reviewed an advanced copy of this book.

Another well written story with lots of twists and turns. Evelyn Glass has given us another MC story, this one a bit different than her usual fare. This one is about a racing club. You'll love the romance here and you can't help but fall in love with some of the characters. My only complaint is that the

copy I received was poorly edited, if at all. I'm going on the assumption I was given a copy of the final draft before being handed over to an editor.
