Sesame Street: Elmo's Favorite Places (Lift-the-Flap)

Synopsis

Packed with flaps from cover to cover, Elmo's Favorite Places is sure to become a treasured book for young Sesame

Street fans. Preschoolers will love visiting all of Elmo's favorite places – the farm, aquarium, school, park, and home •

while learning five different concepts (colors, shapes, counting, alphabet, and pairing objects that belong together) along the way. Bold object labels on every spread teach more than 100 vocabulary words, making this book a learning adventure.

Customer Reviews

My 2 year old loves this book! The major drawback is that the front and back covers are not very sturdy like a typical board book. They are pretty much the same material as the individual pages and my daughter has already bent the front cover in half after only a few months use. Some of the flaps are very large as well so many of those have already been bent in half because they just got

caught the wrong way when she closed the book and were bent backwards in half. Overall, it's a nice little book but not the sturdiest.

Elmo!!!! That is all my 18 month old granddaughter says now. She has five Elmo stuffed animals and she will do anything he does! This is a pure learning opportunity. I'm amazed at how she loves the flaps! This book will work for the Elmo fan!

This is a favorite for my 2 year old. Has provided many months of activity already and has made the coveted travel list more than once (we try to pack light! This book has so much to look at we brought it along! Worked great!)

I love this book. My 1 year old enjoys opening the flaps in each page, and she particularly enjoys the flaps of the alphabet. This book has helped her recognize more words and letters.

The book looks great to me. My grandson loves Elmo. I have not read the book with him yet, but will update the review when I do.

Anyone who loves flap books would love this! My son was hooked to TV, for meals. I wanted to change that. Hence these books saved me, he loves opening flaps while eating.

My Grandson loves this book! There is so much to explore behind the on each page behind all the flaps.
