In 2000, Teach for America alumnus and Yale graduate Zeke Vanderhoek had a radical idea: students learn better from better teachers. His vision of what test prep could be if written and taught by great educators led him to start Manhattan Prep. Since we began, Manhattan Prep has grown from a boutique tutoring company to one of the worldÃ¢â ¬â„¢s leading test prep providers, offering GMAT, GRE, LSAT, ACT, and SAT courses and tutoring worldwide.We believe test prep should be real education. From our instructors to our materials, we work to teach you the skills youÃ¢â ¬â„¢ll need to succeed on the test, in school, and beyond.

Good for the price. I took Kaplan's test prep course but supplemented with the Manhattan trio. The books are not without flaws-there are errors in the practice questions, for instance, A and C could be the same exact answer choice, but they were great refreshers and really break down each type of question in depth, also cementing the learning with timed practice sessions. I wouldn't suggest studying solely with these books, but they were helpful and provided more practice sections.

USE THESE BOOKS for your LSAT preparation. I pretty much wasted money on the Bibles, the Trainer, and other books.Manhattan along with a ton of prep tests will prepare you!

One of the best resources for in depth LSAT strategy.

Excellent

Helped me get a 159 on my LSAT - without taking any practice tests. Really liked the writing of these books. Easy to follow and very thorough.

Excellent product!

These books are very helpful and easy to read and doesn't put you to sleep like other LSAT prep books. The one issue I have is purely cosmetic. On page 25 in the Reading Comprehension, there is a hole in the middle of the page. It makes it difficult to try to decipher what the passage is saying.
