[Booklist](#) "Fodor's can help you plan the perfect adventure" [The Arizona Republic](#) "Always thoughtfully written and easily readable, Fodor's travel guides have become a must-have when traveling to unfamiliar destinations" [Mid South Magazine](#) "Widely recognized as the gold standard of mainstream travel" [Honolulu Advertiser](#)

Each Fodor's guide is researched and written by resident experts

The reason that I bought Fodor's guide to DC was because at the time it was the only book that included some of the new sights that are in DC such as the Newseum, etc. The book is well laid out by districts and sights we used it a lot before we went out. There was one problem however, in the book on the front cover it has the metro lines and stops laid out but they must have forgot to color in the orange line as the bullets and stop names were there but no line to follow, not a problem as there are free metro maps in DC everywhere. Also it was helpful that it had a pullout map of the city to use. Overall I recommend the book.

I skimmed through this book before our trip, and we used it every one of the five days we stayed in Washington. It's practical, up-to-date, well-written, and, once I got used to its organization, easy to follow and cross-reference. We ate dinner every night at a restaurant listed in this book, each in a different neighborhood, and they were all winners. I like the maps, too.

I was taking a week long vacation in Washington DC and wouldn't consider doing it with my Fodor's guide. It helped me find the hotel I wanted to stay in, right in Washington close to the White House. It was very pricy but fit my needs perfectly. I picked all the wonderful restaurants we ate at right from

the book. i love my fodors guide. don't take a trip without it if you want to have a perfect trip.

There are too much useless stuff in this book. but it is still a good book

I cannot believe how poorly put together this book is--page 62 simply stopped and never continued, mid sentence. The orange line metro was left out of the metro map--the stops were all listed, but the actual LINE (which should have been orange) was absent--and this was the inside of the book. The maps were all off--both not to scale and flat out inaccurate. I'm sad I bought this book. I will not buy a Fodor's guide again. I've used 'The Unofficial Guide To...' before and really liked it--it was better organized and clearly someone had PROOFREAD it! Don't buy this book.

This is a very nice guide for getting around DC. I spent 8 days with my family on vacation during the very busy Cherry Blossom Festival time and found this book to be an indispensable guide. Highly recommend.
