Barron's GED Test Flash Cards, 2nd Edition: 450 Flash Cards To Help You Achieve A Higher Score

Synopsis

Test takers preparing for the GED High School Equivalency exam can brush up on their academic skills with this brand-new set of flash cards. The 450 cards are divided into categories that reflect the GED's four test areas: Reading through Language Arts (RLA), Social Studies, Math, and Science. Approximately 125 English flash cards cover grammar, correct sentence usage, and reading comprehension. Approximately 100 Social Studies cards cover history, geography, civics and government, and economics. Approximately 125 Math cards present questions with answers covering numbers and operations, geometry, measurement and data analysis, and algebra; and approximately 100 Science cards cover fundamentals of biology, Earth science, chemistry, and physics. The cards present questions and answers, as well as terms and definitions. All cards have a punch hole in one corner to accommodate a metal key-ring-style card holder enclosed in the card box. Test takers can use the ring to arrange their flash cards in any sequence that suits their study needs.

Customer Reviews

Many of the "flashcards" are too lengthy and not easy to use as true flashcards. It is like they took bits of text and copy/pasted onto the cards without streamlining. I was expecting there to be more vocabulary or single topics per card. Some cards had several vocabulary words on a single card. Other cards had no vocabulary. I also planned on having students quiz one another with the cards. These will not work for that purpose. They did give me some talking points or areas from which to

create a lesson.

I LOVE THESE FLASH CARDS - THESE ARE THE GREATEST AND BY USE-ING ' FLASH CARDS ' IT MAKES IT A GAME OF LEARNING..THESE ARE A GREAT PURCHASE - THANK YOU FOR THE FAST DELIVERY

A waste of money poorly made writing so small hard to keep together not recommended

not user friendly

These are more my type of style when it comes to studying, I have not used all the cards but the few I have used, I can tell are going to be wonderful for when I get serious about studying for my ged test.

great item, great price

We really like the ring that comes with the cards. This is easy for my boyfriend to study at work

I am very satisfied I think these flash cards. Very helpful and I love the separator ring!
