## Customer Reviews

The classic coin book. Exactly what you'd expect.

I really these items.

Excelente producto. Recomendable.

As described. Great for my coin collection

I have several of the Whitman folders and have been very satisfied in the past. Unfortunately, this particular folder is not working as well. The cut outs for the coins are too small and I've nearly punched holes in the backer paper trying to fit them. Whitman needs a better quality control process to ensure the die cut is the appropriate size.

I collect coins and these National Park Blue Folders make it easy to see your collection of National Park Commemorative Coins and keep up with what you will need to acquire in the future.

Whitman does not disappoint

I love the challenge to find examples from both the Denver and Philadelphia mints. Adds intrigue depending on where you live, and which coins are more circulated in that area.
