This is a great workbook. It hits all of the points you want your son/daughter to think through. It is

more clear if you read the book first.

Bought this for my HS students as an alternative read. They love it! I think I will buy a classroom set and use it as a part of my curriculum next year!

Great book, super good for teens, its very entertaining, I had been reading it to my two older kids and we have a great time.

bought for my 14 year old nephews and they enjoyed the read and their mom liked the content

Amazing book! Had to read it for a summer assignment and I can say that I really enjoyed it! The author makes it very interesting by adding anecdotes, short stories, cartoons, etc. Definitely worth the read even if not for a school assignment!

Good book for young people. Kids should be reading these types of books in school.

Great book to give any teenager. Makes them re-evaluate their priorities. Highly recommend.

This book is spot on for teenagers! Both of these Sean Covey books for teens are written in an easy to understand manner for all to enjoy. They should definitely be part of each teenager's library.
