Foundations in Management Beyond the HR Department Fundamentals of Human Resources Management supports human resources training for all students of management – not just HR managers. The text presents a wide range of HR topics within a single semester of material, and a wealth of functional examples and applications. Fundamentals is also the first text of its kind to make talent management processes a core study. This Fourth Edition has been updated with practical personnel techniques, real company examples, and new material on business sustainability – and each chapter now touches on important recurring themes in management, including employee engagement tactics, small/global business management, employment law features, and positive employee relations. Also available with MyManagementLab® MyManagementLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

Customer Reviews

I didn't not enjoy how the content in this text was composed. It didn't hilite key points and there was a lot of effort required in locating specific sections and navigating concepts. Had to use it for a class ciriculum though. Overall rental experience was great, extremely fast shipping with prime, and free return shipping.

great book at a great price

Usually reading textbooks is extra boring to me, but this is easy to read for the most part. The chapters aren't overly long and boring either. The book gives great examples to help you better understand the concepts as well.

Had never used an ebook before but it was great. You have instant access as long as you download the free kindle. High recommend.

I had to get this for school. However, it is a good book as far as textbooks go. It was easy to understand and linked back to real world experiences.

Sent me the instructor's copy, with tape covering the specific label that says not for resale. Buyer beware

making an A!

Book content is great, but I received mine pretty worn down when it said it was in good shape.
