Alfred Suzuki Violin School Violin Part & CD Volume 4

Customer Reviews

The book was good, but it contained a wrong CD. The product information printed on CD was "Violin School Vol. 4," but the content was for Piano School (so that there is no way of verifying its accuracy until you actually play it). Have to return the book/CD and purchase it again. Hopefully, the next shipment will contain the accurate CD. Bad...

Kids are progressing nicely using this. Our instructor wanted our kids to get this book and I really enjoy hearing my kids play from this book.

Yup. classic Suzuki book. Has very nice easy tunes to learn which really are well thought out and presented.

Typical Suzuki book that with your instructor's help you can go further in your learning.

This book is excellent to teach students who know their notes and are ready for the next level. They are songs you hear often yet are advanced enough they really need to practice to get the skill.

Very good teaching aids, and a very good choice of music.

Quick delivery with correct CD.

Good book!
