R. A. MONTGOMERY attended Hopkins Grammar School, Williston-Northampton School and Williams College where he graduated in 1958. He pursued graduate studies in Religion and Economics at Yale and NYU. Montgomery was an adventurer all his life, climbing mountains in the Himalaya, skiing throughout Europe and scuba-diving wherever he could. His interests included

education, macro-economics, geo-politics, mythology, history, mystery novels and music. He wrote his first interactive book, *Journey Under the Sea*, in 1976 and published it under the series name *The Adventures of You*. A few years later Bantam Books bought this book and gave Montgomery a contract for five more, to inaugurate their new children's publishing division. Bantam renamed the series *Choose Your Own Adventure* and a publishing phenomenon was born. The series has sold more than 260 million copies in over 40 languages. He was married to the writer Shannon Gilligan. Montgomery died in November 2014, only two months after his last book was published.

My kiddos love it. 1st grader and 3rd grader. I actually took the book in as a guest reader to their classes and the classes loved choosing the story I read to them. (majority ruled the path) I read the book 2 times so they could see a different ending. The students and teachers both wanted to know where I got the book.

Perfect birthday gift for 4-7 year old. It's our go-to gift! We should really buy in bulk. So much fun to read and choose your own adventure.

I have 2 daughters, 10 and 7. My 10 year old is dyslexic and reading is a struggle for her. We got a CYOA book for her from a used book store and she fell in love. She reads a little bit of it nearly everyday and it's so great to see her excited about reading. Our 7 year old is a born reader and has always loved books, but the CYOA we bought the older girl is still a little advanced for the young one. This CYOA, however, is perfect for her level and she loves reading it as well!

My 6 year old LOVES this book. We've read it for about a week and he loves the different choices. The stories never take more than a few minutes.

Fun twists and turns in the plot that the reader chooses as the adventure unfolds

I bought this for my daughter to introduce her to the Choose Your Own Adventure style of books. This was a very good book with a fun and interesting storyline. My daughter really enjoyed it and it helped to get her interested in reading on her own, which I was very pleased about. I always enjoyed this type of book as a kid myself, and I'm so glad to see that they are still being written today.

Our daughter absolutely LOVES this book! The first time through she thought it was "ok" but when she realized we could read it again and make different choices with different results she was hooked. She's been learning to read and the repeated reading of certain pages has really helped her improve. I'd love to get another! :D

When I was a little girl we used to read these wide eyed until we reach the ending! Unsatisfied, I'd start all over again and do another story, and another story, until I've exhausted all possibilities. Sometimes, my sister would accuse me that I peek at the endings. Lol. That was 30 years ago. Now I bought it for my 6 year old son hoping he will catch the fervor I had for these books, I never wanted to put these books down!
