Woodall's North American Campground Directory, 2012 (Good Sam RV Travel Guide & Campground Directory)

Synopsis

The 2012 Woodall™s North American Campground Directory has been completely updated from the 2011 edition, with over 300,000 changes and updates. The 2012 Edition includes complete listing information for over 14,000 locations including both public and privately owned campgrounds and RV parks. Plus, new for 2012, Woodall™s notes parks that take the AAA discount, as Woodall™s is the exclusive provider of campground information to 52 million AAA members. Each 2012 cover notes that Woodall™s is the official Directory of NASCAR as well. Woodall™s 2012 edition includes parks that meet our strict "green" criteria and now includes full color state and provincial maps for every state and province. Here's what's inside the 2012 edition:

- At-a-glance charts which tell if a campground welcomes big-rigs, is Internet-friendly (including wi-fi info) and allows pets
- Complete Green RVing information for campgrounds and RV parks
- GPS coordinates and physical addresses for many campgrounds
- Full color maps for every state and province
- Over 14,000 locations
- Exclusive Woodall™s "One-Tank Trips" editorial which features over 70 all-new RV trips for campers to enjoy across North America
- Privately-owned campgrounds are rated and inspected with Woodall™s strict 5W-5W rating system
- Rules of the Road for every state and province, plus special information for RVers crossing into Canada
- Over 2000 pages cover the U.S., Mexico and Canada

Campground and RV park listings include facility and recreation descriptions, including driving directions, camping fees, seasonality, full campground contact information, pet restrictions, discounts, site RV capacity, handicap accessibility, internet access at sites, and much more. Woodall™s is the Campground Directory most commonly sold in Bookstores and camping retailers around the United States and Canada.

This book has good information, but it is really hard to use. It has campgrounds listed by city / town and the cities & towns are listed alphabetically by state. As a result, if you are looking for a campground in a particular area, you need to look up every city & town in the area separately. This is an almost impossible task if you don't know every little town in the area you want to camp. I think it would be far easier to navigate if the campgrounds were listed by county. That would at least give you all the campgrounds in a particular area. What's even easier, is to use the free Woodall's website to search. You can search that by city and it will give you all the campgrounds in the area, even if they aren't in the specific town. The book also has some good coupons, which if you use would probably pay the cost of the book. It will also be handy to have as a reference while on the road without an internet connection. I would recommend buying it for the coupons alone, but do so with the idea of using their website to do most of your searching for campgrounds. 3/11/12 Update - I realized that I did not explain my "incomplete" statement above. I have found that there are a lot of campgrounds that are not listed in Woodall's. I was using it to try to find a campground near a family reunion and getting very frustrated. Once I stopped using Woodall's (and its website) I found a lot more locations. I'm also not sure that I still think it is worth buying this for the coupons. Most of them are for RV gear and accessories. If you are just starting out and need to buy a lot of stuff, it might be worth it. Otherwise, you probably will not pay for the cost of the book with the coupons.

Got this earlier this year for my parents, who just bought an RV. They absolutely LOVE it! In some instances, they say it's better than going online because everything's right there in the book. They've taken it on several trips so far, both short (about 100 miles from home over the weekend) and long (1,000+ miles from home for a month), and it's held up very well despite the phonebook-quality pages. Be warned, though; this is NOT a pocket guide. This book is big!

This is the "tree technology" version of the Campground Directory. I am in hopes that they release the Android App soon as possible because this gets to be a bit cumbersome, and the pages are printed on thin quality paper. Plus it's "ad" infested! It is available through the iTunes store.

Was a great tool for deciding not to buy a Coast to Coast, or other campground memberships. Saved me lots of money. I really don't use it much for planning my camping trips. I use AAA trip planner because it tells you where the campgrounds, gas stations, attractions, etc. are along your route. It will be useful if I have to deviate from my planned trip, just takes up so much space to carry it. I won't be buying another one.

This book is large, thick and heavy, but well worth the price as it contains information about attractions beside camping accommodations, and what the amenities at the campgrounds are and if pets are welcome. All contact information is given, and also what discounts if any are accepted at a campground. It's good to get an updated guide every few years and many changes can take place.

Do you travel via an RV? Do you want to know where all the RV sites are? How about points of interest in the area? Then you need this directory - the defacto bible for RV'ers. It's as big as a telephone directory, but all of the information you could ever want, including comprehensive ratings, is all in one place. Don't leave home without it!

This book must be as big as a New York phone book! It has every campground known to man/woman in North America, along with useful info about amenities each site has. I'd be lost without it.

Even though this edition is three years old, it lists places to contact to get the latest information regarding places to stay and their facility details. It's a good resource to have in hand.
