# Understanding The True Meaning

## Synopsis

In honor of the fifteenth anniversary of *The True Meaning*, which is coming up on June 25, Cormega teamed up with Brian Kayser to deliver an in-depth look at the critically-acclaimed album. Featuring lyrical breakdowns from Mega as well as commentary from those involved, including the producers and behind-the-scenes team. *Understanding The True Meaning* will not disappoint. Contributors include Alchemist, Buckwild, D/R Period, Hi-Tek, J Waxx Garfield, and of course J-Love, among others.

## Customer Reviews

Mega is in my top 5. I waited so long for *The Realness* to drop and when this followed always considered it to be a solid sophomore effort. The book however reveals the depth of his thought process and just how intricate his rhyme style is. I listened to this album at least 10 times while reading the book and have a newfound appreciation for the project as well as Mega as an artist. The epitome of a hustler to be able to write a book about an album that's stood the test of time. Dope to see just how much he has evolved.

great read

Bought this book out of respect for the quality of his music and respect for his pen. He's earned my support over just about any other MC. #Mega

Extremely TALENTED and under rated artist that is also truly one of a kind. Cory is very similar to

Prodigy (RIP) who is also in a league of his own like this man. If you have never heard The True Meaning LP in its entirety, I suggest you do so now. It may be over 15 years old, but it sure was light years ahead of 2002. Cormega is one of the very few hip hop artists that can strike you like an uppercut with one word, or make you cry with such a sweet, smooth, raw delivery. He paints pain and beauty lyrically, which is scarce for today's era. I favor blues, rock n roll, psychedelic sounds, and rhythm and blues. Cormega produces bars that hit your heart just like BB Kings Lucille guitar tone: Raw, natural, sweet toned delivery. He reminds me of John Lennon and Roky Erickson mixed in with a whole lot of BB King, Albert King, and Freddie King guitar tones. There are very, very few artists in the "hip hop" world that I can listen to: And this beautiful soul is in my top three. Just like Chuck Berry sang in Sweet Little Sixteen: "They're really rockin' Boston In Pittsburgh, P. A. Deep in the heart of Texas And 'round the Frisco Bay All over St. Louis And down in New Orleans..." Cormega brings it all the way from Queens Bridge NY. P.S. I bought my copy from my local Riverside, CA Barnes and Noble so there was no waiting period for receiving my copy. No, I was not paid to write this review, I just take the time to make a statement on something important, something that matters, on someone with REAL TALENT. All that I ask of Cormega is that he please, PLEASE play live in Southern California by the end of 2017. With Love and Respect, Tommy Z.

Get your Copy!! One of the greatest Rappers of all times!!!! I know the book FIRE!!!!!!
