## Customer Reviews

Seventeen stories of different awesome retellings of fairy tales. There were a few tales that I hadn't heard of. Some are dark, some have a twist, others end happy or sad. Favorites are The Glass Mountain, The Baker's Grimm, Princess Charming, Mad about you, Red, The Sea King's Daughter, Soot & Stone, The Huntsman's Snow, Rumpelstiltskin, The Glass Sky, and Crafted with a kiss. But the others are great too. Must read for lovers of fairy tales!!!

Some of these weren't bad! Some really weren't my cup of tea... But there were too many that felt like novel-teasers with no closure, instead of actual short stories, which super bugs me. And a number of the authors just took a few familiar fairy-tale symbols and stuck them into a 'shifter romance', which has become the literary equivalent of candy corn. Please no more.

Like fairy tales with a twist, you will love this book. I used to watch a cartoon called fractured fairy tales, it was hilarious. This book reminds of that. So read, laugh, and enjoy

I loved this collection of stories. The re-imagined classic fairy tales are fresh and witty. It was fun looking for the clues in the story as to which fairy tale was being retold.

For the most part, I enjoyed the retelling of the fairy tales. I was really disappointed that a couple of the writers felt the need to ruin the fairy tales with profanity.

This collection, for the most part, is very enjoyable. I was only disappointed with a couple of the stories. They were interesting well written and most of them, easy to follow and some very funny. All in all, I would recommend this collection to any adult that likes fairy tales and wants to see them in a new light.

Loved the imaginative re-telling of old fairy tales! Each story was different in approach, & each a treat to read. I'll be re-reading all of them, likely many times.

These re-imagined romantic fairy tales will be a great addition to my high school library. Role reversals, princesses who save themselves, & women warriors all included.
