The first edition of this book was one that I found endlessly enriching and helpful in my spiritual growth. I have been part of several groups that have studied it and used the tools; the book always

provoked discussion and sharing. In this tenth anniversary edition, I particularly appreciate the historical background on monasticism and the additional tools. The new chapter on "Community, Relationship, and Being a Benedictine Presence" is one that I will make extensive use of in an organization in which I am involved. It's a good guide to making the culture of an organization more Christ-like.

The Rule of St. Benedict was obviously written to provide guidelines for the early Benedictine monastic communities. Jane Tomaine's book is what it says it is: a toolbox containing the essential tools for everyday Benedictine Living. She has opened up an ancient document and faithfully converted it into guidelines for contemporary living. As a Benedictine Oblate, I have been committed myself to reading extensively books pertaining to Benedictine spirituality. I believe that Jane's book is one of the most unique in that it provides a practical handbook of invaluable resources for both men and women who are drawn to the Benedictine way of living. I highly recommend this book to anyone who is looking for a systematic introduction to what Benedictine living is and as a guide to support the traveler on the spiritual journey.

I was looking for assistance in my spiritual journey and this is very helpful. This is written for Episcopalians but I think it would be helpful for Methodists, Presbyterians, Lutherans and mainline type churches.

This book is a great book and must be read slowly to really retain everything. We are using it for a religious group meeting and we are incredibly happy with it.

I enjoyed reading this book in my Daughters of the King group and learned so much about Benedictine Spirituality that I apply to my life.

Super Guide for a wonderful way of living! St. Benedict fulfilled a wonderful service to the world - just to help live well and enjoy life!

Excellent introduction to St. Benedict's Rule of Life. My church group is following this.

I buy extra copies and give them to anyone who shows an interest in how I am living. Because it is Christ-based and by a woman who is not Roman Catholic I consider it to be applicable for all sexes.

and faiths.
