Customer Reviews

This book covers all relevant themes, approaches, and policy issues, and will be extremely useful for students in political science and development studies. Anne Mette Kjaer, Aarhus University The best first point of reference for students... it paves the way for fruitful contextual studies of major problems in comparative and theoretical perspective. Olle Trnuist, University of Oslo ... an eloquently written text by some of the leading international scholars currently working in the area. The book provides a theoretically-informed approach to understanding many of the major historical and contemporary issues impacting politics in the developing world. Bruce Wilson, University of

Central Florida This classic textbook provides the discerning student with the best possible introduction to the politics experienced by the majority of the people of the world. Anthony Payne, University of Sheffield

Peter Burnell is Professor in the Department of Politics and International Studies at the University of Warwick. Vicky Randall is Emeritus Professor in the Department of Government at the University of Essex. Lise Rakner is the Head of the Department of Comparative Politics at the University of Bergen.

Very thorough discussion of the topic. Needs more detailed case studies that allow students to relate theories to specific places and institutions.
