Turning Points In World History - The Creation Of Israel (hardcover Edition)

Synopsis

Israel's creation in 1948 was the fulfillment of an ancient dream for the persecuted Jewish people, the culmination of 75 years of Zionist diplomacy and settlement, and a disaster for 700,000 Palestinian refugees. This anthology examines the forces that led to the creation of Israel and the unresolved issues that continue to rivet the world's attention to this small strip of land on the Mediterranean Sea.
