## Customer Reviews

"This beautiful planner is a great size, low price, lightweight (117 pages), and professionally designed!"

Plan more effectively each month by seeing the big picture. Each month includes a monthly to-do list, next month preview, and lined pages for each day of the year from August 2017- September 2018. Great value for money.

love it. it is truly useful because it is laid out clearly and cleanly, making it easy to schedule and plan...go figure! You'd think that would be a given, but it's so frustrating when there isn't enough space to write, the dates are messed up or out of order, the paper is tissue paper thin, etc.

Love this planner I have lots of events that I have each month and I love that I can put down

everything in this planner. This is put together very well I love that it has the to do list because I have a lot going on so that's a great feature and love being able to see it on paper

Just what I needed. Plenty of room to write.

This 2017-2018 Academic Planner Weekly And Monthly: Calendar Schedule Organizer Paperback by Planners and Calendar Notebooks , is sized at 8 x 10 inches .This is a really good planner. It is just the right size. The wording is big and easy to read and see.It is perfect to have to help you in your daily routine. Everyone needs this. If you are in the market for a planner. This one, is for sure, the one for you

Great for someone that has a LOT of things going on during the school year. Great family calendar.

A comprehensive day and month planner: This is a very chic looking book, with a light, feminine feel to it. It's a nice size and fits into planners, folders, and bags. A perfectly sunny way to keep track of the year, and does the job perfectly. Especially good for those who look to coordinate outfits with flowers.

I love this academic planner. Much better than Daytimer brand. More space for notes and numbers on calendar large enough to read without reading glasses.
