The simple basics. Learned some good tips. One thing that was mentioned was how to store your paint brushes while painting. It tells you how NOT to store them but doesn't say HOW to. Assuming that laying them flat on a paper towel will suffice. Good basic tips for beginners.

I found this book to be helpful and encouraging. I haven't painted or sketched since high school (many years ago). There were very many helpful tips and tricks.

I'm very glad that I found this guide, I always wanted to learn acrylic painting but don't know where to start then I found this guide. It's very comprehensive and gives a very good and fresh start for beginners like me.

I have read this guide and it's very good written. Describe everything about acrylic painting very well and in a beautiful manner. It's comprehensive and easy to follow. You can learn from this very fast.

A total waste of money. More like a pamphlet than a book, no color photos. Did not give very much information, very, very basic.

it was great love it thanks Jean

Great Kindle Read!!!

Not worth the money. Book is garbage!
