Customer Reviews

This really helps you get a better understanding of the book Professional Baking. It's more than recipes.

other than the fact that there is no answer key...the study guide certainly helps in my studies. But an answer key would certainly help

PERFECT book! It was in brand new shape! VERY impressed..Looks like I have a new place to purchase my books for school!

It is good.

As expected.

Book can in new condition, was very pleased with quality

This book is amazing. It comes packed with everything you need to know as far as baking goes. You can pull out recipes for every occasion. Definitely a must for any baking class you're taking.

This study guide was a very useful tool that accompanied the text of the same title. I found the exercises well thought out and applicable to the baking profession as they expounded on some of the concepts from the text book.
