The Complete Idiot's Guide To Writing Erotic Romance (Idiot's Guides)

Synopsis

The basic rules for turning basic instincts into blockbuster success. Erotic romance reigns supreme as a big category of women's fiction; a billion dollar business serviced by a new breed of uninhibited writer. This book is the necessary how-to for first timers and a terrific guide for seasoned professionals as well, who are putting their racy and lucrative fantasies to paper. Now, for the first time, a veteran erotic romance author shows exactly what to do and how.

- The first book to guide writers to succeed in this multi-million dollar genre
- Explores how to set up a plot and write good, steamy sex scenes
- From a best-selling experienced author
- Includes resource section for research tools and further reading
- Interviews with top editors in the field
- Foreword by Kate Duffy, editorial director at Kensington Publishing and founding editor of the genre

Writing Skills

Customer Reviews

Alison Kent is the pseudonym known to the tens of thousands of readers who enjoy her erotic romances. Some of her titles include *The Beach Alibi*, *Larger Than Life*, and *The Bane Affair*.

For someone who's just embarking on the erotic romance writing front, this book was perfect for me. Informative, balanced, full of tried and tested wisdom, and packed with lots of extras. Love that there were examples and it wasn't just a boring, dry non-fiction book.

Very helpful in deciphering the romance market. I found it very helpful in all area of the market. Would recommend

This was and still is very helpful in my writing. It has tons of great advice and helpful hints. It will just be up to you to implement them. The only thing i found it lacking is how to get published section, but i guess that will be another book. Good Luck to those who are seeking this endeavor :)

If you ever think of writing erotic romance or any romance for that matter you need to read this book. It is filled with general tips in plain and understandable language that engages you and make you want to smack your head saying - she makes it sound so easy. Great reference.

A must for every erotic writer out there!

Solid, clear discussion of what it takes to get readers involved in your story, chopped up in easy-to-digest bites of writing wisdom. Dozens of clear ideas on how to make your story characters jump off the page and into the mind along with a plot that keeps you tagging along way past your bedtime.. A good deal more than merely "Hot tips for writing in this sexy new subgenre!" But on-the-money with that, too.

This book could have been better but it was good. I read it in one night and then looked over it a few times. It never talks about e publishing nor self publishing. And sometimes the chapters seem in the wrong order. It has good information. Sometimes it seems like she is saying the same thing over and over again.. It talk also about how to handle people who dislike erotic. Good book.. all together

has a lot of good ideas about writing
