The American Heritage High School Dictionary, Fourth Edition

Synopsis

The newly updated American Heritage® High School Dictionary, Fourth Edition, offers the distinctive qualities that characterize the American Heritage® line without including obscene words or offensive slurs. The dictionary features a modern, readable defining style, helpful guidance on English usage, and more than 2,500 photographs and drawings that enhance definitions and invite browsing. New to this updated release are recently prominent terms such as edamame, ringtone, sandboard, spyware, and Texas hold'em, and biographical entries for figures such as newly appointed Supreme Court justices John Roberts and Samuel Alito, Canadian Prime Minister Stephen Harper, and Camilla, Duchess of Cornwall. Additionally, the Periodic Table of the Elements now includes the newest element, roentgenium, and the geographical entries reflect up-to-date geopolitical changes, such as the recent dissolution of Serbia and Montenegro. Usage notes based on the opinions of the renowned American Heritage® Usage Panel help the reader discern the difference between the conventional and the quirky in language use. Special features on synonyms, regionalisms, and word histories enrich vocabulary and show how language changes over time. The American Heritage® High School Dictionary, Fourth Edition, is the most comprehensive high school dictionary available today.

Book Information

Hardcover: 1664 pages

Customer Reviews

Approximately 200,000 entries and 2,500 illustrations. A carbon copy of The American Heritage College Dictionary except that it contains no vulgarisms or offensive terms. The introduction has been written specifically for the high-school audience. Grades 9-12. --Mary Ellen Quinn

The Editors of the American Heritage Dictionaries are a team of professional lexicographers with advanced degrees in various scholarly fields. The editors familiarize themselves with the vocabulary in specific subject areas, collect materials on new developments and usage, and work with expert consultants to ensure that the content of our publications is as accurate and as up-to-date as possible.

Since I had to find dictionaries for all grade levels (1st, 4th, 6th, 9th, and college) in my house, I ended up purchasing three and this one though it is labeled as "high school" was purchased for a bit of a layer of grades. If the middle schooler needs a more indepth definition or something the other dictionary simply doesn't have then this one works well. It's of course perfect for the high schooler and it even works well for most college work. This is a nice durable dictionary when it comes to a wide range of grades that it can be used for. I would shy against using this for a middle schooler as their main dictionary resource only because it's a bit daunting compared to the Merriam-Webster's Intermediate Dictionary that we purchased to be used by the 4th and 6th graders. This dictionary comes in a durable hard cover and is really a well done and informative resource. I think that it's one of those dictionaries where it's not too confusing and it gives you just the information you need (and sometimes a bit that you may not realize you need until you get an assignment for it!). Definitely a great buy for high school or college (if you're not an English Major!)

The American Heritage High School Dictionary has an excelent format;however print quality leaves something to be desired. There are pages where the print is smudged and difficult to read. The clearest, most concise, and easiest to understand definition is of no use if it cannot be read.

Great book, and I liked it :)Thank you so muchThank you so muchThank you so muchSincerely,Mohammad Jeffrey

It was a Christmas present for a young preteen family friend. She loved it.

great product!

just what my daughter needed for school

Excellent dictionary.

I was looking for an American dictionary that could see my 7 year old son through college. I scanned the and read in detail about all available dictionaries and made this choice. Now I am using it myself also. It presents words broken into syllables and the pronunciation key is provided on every page. This makes correcting pronunciation easy. It is partially illustrated. This makes it pleasant to read. Although it is thick, it is light. This is an important consideration for students. The binding is strong, so is the paper. I am sure it will see my son through college.
