Stage Fright on a Summer NightThe show must go on! That's what Jack and Annie learn when the Magic Tree House whisks them back to Elizabethan England. There they meet William Shakespeare who's having a hard time with some of the actors in his latest show. Are Jack and Annie ready to make a big entrance? Or will it be curtains for Shakespeare?

Good Morning, GorillasGentle giants or giant monsters? That's the question Jack and Annie have about gorillas when the Magic Tree House sweeps them to the mountains of Africa. There they meet a group of amazing and sometimes frightening gorillas. Will the gorillas be able to teach him some special magic?

Thanksgiving on ThursdayIt's a time for giving thanks when the Magic Tree House whisks Jack and Annie back to 1621 on the first Thanksgiving Day. The Pilgrims ask them to help get things ready. But Jack and Annie don't know how to do anything the Pilgrim way. Will they ruin the holiday forever? Or will the feast go on?

High Tide in HawaiiCatch the wave! That's what Jack and Annie do when the Magic Tree House whisks them back to a Hawaiian island of long ago. Great product

Other reviewers said that although this only contained four stories the length was still consistent with prior 8-book editions. That is not correct. This is 3 discs with 3 total hours of audio. All previous ones had 5 discs and 5 hours of video. The books themselves and the audio are great and my four year old loves them, but this is not the same value I was expecting.

Great for on the go! We use these on our car instead of listening to the radio. I no longer have to lower the volume every time the radio station guy says something inappropriate which then generates the question of "what does that mean mommy?" Best part is they encourage early readers to find interest in reading. I have my 1st grader listen to these while following the books, he finally has shown interest on a book series. :)

my kids listen to these books every night before bed. we have the actual books as well for them to read along with. relaxes them vs. watching a tv show.

My 7-year-old son loves MTH books. We also own several series of these books as audio CDs which we use in the car as wonderful entertainment for our son "on the road". Mary Pope Osborne did excellent job reading her books and making her creative and educational stories come alive!

Interesting cd's for kids! Full of mystery and also educational.

These CDs are Volume 5 in TMTTH set. We enjoy listening to them in the car as we are driving and found out from my 4 1/2 year old's pre-kindergarten teacher that these books are on the Accelerated Reader list for her private christian school. I think it will aid my daughter later when she needs to read these books for AR credit by listening to them now. I think she could probably pass the AR test right now if asked all of the questions. These CDs keep her mind engaged.

My granddaughters live in China & have quite a commute to school each day. They listen to these audio books quite often. I became aware of the Magic Tree House books a few years ago as I was mentoring a second grader. He and I looked forward to reading these books together each week. They are a fun, and enlightening way to learn about the history of the world. I am so glad they offer the audio as well. A definite recommend....
