I love this book and so does my toddler. The rhyming story is entertaining enough to hold an adult's attention as well as a small child's. I was surprised how quickly my toddler caught on to the rhymes and memorized them. The pictures in the book are so well done, very bright, colorful, and creative. We love this book so much that we've bought copies to give as gifts to friends' children.

Great book! My grandson is 2, he loves his Ami Rubinger books.

My daughter loves to read this book over and over again!! I am not one who reads much but the way she lights up when she tries to read this book makes me want to read another book after reading this one. So perfect for my 3 year old!!!

One of my grand daughters favorite books. I rented it at the library and red it to her there and a crowd of kids gathered around to listen to the story.

This book is a great book for small children. My 2 year old niece can recite the entire thing :D The

pictures are fun, and convey the definition of the words. Definately a great book to start children on loving books early!

My grandchildren LOVED this book! It inspired them to crawl around on the floor and "talk" like kitties! The pages are already "dog eared"! Thanks for the opportunity to share.

My three year old son loves this book. He has it memorized and recites it to his three month old brother.

Review as it appears on my blog: www.mommywantstoread.blogspot.com Can you guess why I requested this from *Netgalley? Yup, cats. For those who do not know my son is obsessed with cats. I think he almost wishes he were a cat. So I knew that even if he didn't want me to read to him all I would have to do is mention it is a cat book to get him on board the reading train. Big Cat, Small Cat is a fairly simple rhyming book. All different kinds of cats from ones in cages to ones with colds. There was a wonderful twist to this book in that there were blanks in some of the rhymes leaving it up to the child/parent to figure out what type of cat it was. With picture clues and simple rhymes my son got a portion of them. He is not very good at rhyming so some he gave the wrong answer to but it was still close enough. I loved the illustrations and I think my favorite cat was loooong cat. My son didn't have a favorite cause well he loves all cats and he could never pick just one. When I asked him how many stars he said "One hundred!". I then had to explain that 5 was the max. He sighed and told me, "Fine five stars...but mom it is really 100 stars." So there you have it another 5 out of 5 stars! *I received a free copy of this ebook from Netgalley in exchange for my honest opinion** This book was read with my special needs son who is severely learning disabled. The review reflects not only my opinion but his as well
