A Temptress Knows How to Win Her Man's Devotion - and Keep It FOR LIFE* * * LIMITED TIME OFFER! 50% OFF! (Regular Price \$5.99) * * *Do you want to grab his attention, win his adoration and have him eating from the palm of your hand, now and for the rest of your lives? Passion and lust isn't something that happens to you - it's something you can take complete control of. This book will show you how to unlock the temptress inside you will keep your man coming back for more - and more, and still more. By unlocking your inner temptress, you can kick start a relationship that's rewarding for the both of you. I've Spent My Career Analyzing the Dating Game, and Now I'm Here to Help YOU Find the Temptress Inside of You Hi, I'm Eric. I'm a relationship expert, it's what I do for a living. I've spent my career analyzing relationships to work out what makes people tick and I've helped countless couples ignite their desire. I've worked with so many women who are shy about their sexuality or who have no idea how to express it in a way that both appeals to guys and satisfies their own needs. And what I've found is that every single one of them had a temptress inside them - and that their lovers couldn't resist when they met her. Give Me ONE WEEK and I'll Help You Ignite the Passion in Your Relationship Give me three and I'll show you how to add spice that will keep that desire building to a climax, all by simply accessing the temptress who's already hidden within you. By the time you've put the advice in this guide into practice, you'll wonder how you ever kept her hidden - and you'll never want to again. In this book, we'll cover: Top tips to keep him thinking about you even when you're miles apart Secret ways to spice up your love life and leave both of you breathless with lust The truth about what a man wants from his woman - and how you can use it to your advantage And much, much more... If You Don't Read This Guide, Your Man May NEVER Crave You the Way You Want Him to This method has been proven to work - a hundred times over. I'm going to show you how to access that part of you and bring your inner temptress right to the forefront. I'm going to show you how your love life can be utterly fulfilling for both of you. All it takes is a few easy steps and he'll be purring with passion and sensuality, and all for less than the cost of a margarita. Start Feeling the Passion Together in Less Than a Week... or Your Money Back! If you follow the steps in this guide and the temperature of your love life doesn't turn up to the highest heat, simply click one button within 7 days and will return 100% of your money. That's how confident I am that I have the answer to your problem - I really can help you make your man FOREVER lust after you. Hurry! Scroll up now and click the BUY NOW button to start UNLOCKING YOUR INNER TEMPTRESS, today!

Customer Reviews

I actually bought this book by accident, but decided to read it anyway. It's written by a man, Eric Monroe, but it's about how a woman, a temptress, can generate some romance between herself and her lover, to kindle excitement to explore each other's bodies and find out what makes each other moan in desire. Eric mentions that her secret to keeping your man coming back for more is to make sure he never quite knows what to expect. This is a well done book that men will like as well as women. Good job.

As the stars say, it was Ok. Didn't really learn anything new or mind blowing. There's a lot of basic stuff.

BASIC STUFF

The subject discussed in this book is interesting; it goes deep into what it is to always feel like a relationship new. I was pleased to discover this book and learn what it teaches because the sparks

in my relationships die out very fast. I hope that with this new discovery I will be able to be on top of it all. I like that the writer tells you about the various aspects of seduction so that you are not left wondering and have to read another book; this one has it all. This book is really easy to read and understand, all that's left is the action.

You can tell this book is written by someone with years of relationship experience. I'm currently single, but as I was reading this I was often reminded of past relationships. The advice is concrete enough to be stuff you can actually use. I've noticed myself feeling more confident around men -- just knowing I have a better understanding of their desires. Highly recommended this. I think few women wouldn't benefit from the insights.

even though this book is actually supposed to be for women to keep the attraction and romance going between her partner, i as a man really wanted to read this book to understand the signs women give out to woo her man and respond rewardingly. this book definitely helped me understand women in a much better way especially their romantic needs and also how they would want their partner to be in a romantic way.

At first blush...and it is possible that some will blush on opening this delightful book...this is a book for women who want to become more desirable for their man. Sound a bit sexist? It's not. In truth, 'The Temptress' Handbook' is a book for couples who seek to enhance the enjoyment of one of the most basic of human pleasures and experiences...our sexuality. It is a forthright discussion of what pleases men sexually, and as a man, I can completely relate and agree with the author's insights. Well-written with many "how to's", the book is an avenue to open the discussion about what men like and don't like in the bedroom and how to keep the excitement in a relationship. There are a number of books about women's sexuality, what they need and don't need from men. This book brings a refreshing perspective and openness about a subject that, frankly, men may find difficult to discuss. Remember, we are supposed to 'want it all the time'. In truth, as the author points out, men have triggers just like women, even if they are not quite as in touch with themselves as women are. Well done and highly recommended.

This book was very interesting and informative. The author's tips were very useful and they work well. This is for couples who want to add some spice to their love life. The book may seem to be only for women but men could also pick up a lot of things in this book. Everyone should read this as
