Customer Reviews

Sarah Luddington has done it again! This book doesn't disappoint. This book not only completes the trilogy perfectly, but it even gives us a little more closure from her phenomenal Lancelot and the Wolf series! I've read all of Sarah Luddington's books and highly recommend them all! Action, love,

sex and surprises! Who could ask for more?

First of i loved her previous novels. Including the first two sons of Camelot. This third one felt so rushed that I honestly don't know how to review it .. i felt cheated like there was supposed to be more to this story. I was looking forward to the third installment and now that I have read it , I'm sad.

So much Love Hate..I love everything about this book..Hate that it ended..Truly amazing writing and character development.

Another book of twists and turns that left me wanting more.... well done.
