Destiny: Step Into Your Purpose

Synopsis

Number-one New York Times best-selling author T. D. Jakes teaches listeners to find order in the steps of life and have the courage to say yes to destiny. We each have a destiny. Finding the courage to drive past the challenges, the pains, and even the shortcuts of life to the deeper purpose of living is to thrive in one's divine destiny. Most people have sensed destiny pulling them to just the right place or person. Whether it is the spouse you meet, the children you bear, or the promotion you receive, everyone has a purpose to pursue. Sometimes it is understanding our destiny that helps us accept what on the surface appears to be failure. In *Destiny*, T. D. Jakes shares insight to help listeners play the roles they were designed for. Expanding on his number-one best seller *Instinct*, Jakes reveals that instinct is the first step to the destiny that awaits.

There is nothing that can compare to hearing Bishop T.D Jakes reading,"DESTINY". I have at least an hour commute 5 days a week. After my long commute, I often sit in the car because I'm so excited. This book reminds me not only to dream but act, do & believe. Bishop reminds us God has not given us the spirit of fear & not everyone that begins your journey with you may not be suited for the journey. I am 47 years old with two children in college. I am so excited because it's my turn to finish my degree. My life is just beginning! I am on the journey to fulfill my God Given DESTINY!

Just received these cd's. Have already listened to them 3 times. I bought them for 11 children and

grkids. I CANNOT EXPRESS EMPHATICALLY ENUF THE TRUE VALUE OF THIS BOOK. What wonderful insight. Your religion doesn't matter for you to benefit from this information. Every age will benefit from listening to Pastor Jakes. Sure would love to meet him. Beautiful reading voice, so sincere. I've read self help books all my life, 82 yrs. , and this takes the cake. Don't miss out !!!

Sorta long post... I had been struggling with what was my life's purpose. You see, I had been going to school obtaining degree after degree in hopes of advancing in my career. All while my God given talent was sitting on the shelf most of the year. One morning, while strolling social media, a FB friend posted a video of a group of praise mimes doing 'Let them walk'. At the time, the 'praise dance' nor did the sermon speak to my life, but I was intrigued by it and it caused me to search more into who this sermon was by. As I searched I ended up on YouTube of a video and it was more praising to the sermon 'Let them. Walk'. After about my 3rd video, I finally saw It was by TD Jakes and as I 'thought' i was clicking on the original source, I was directed to to this book. At that very moment, I knew God spoke to me through the mime, to get me to this book. The first 5 pages had me bound and I immediately starting working toward my purpose. Needless to say, there is a section that says 'You can have all the degrees you want and you still will not be living in your purpose '. That was for me. Be blessed and hope this helps!

This is what I know...Bishop T. D. Jakes does it again! If you need help getting to the next level and unlocking your potential, this book is a must. It is an easy to read guide, giving insight and instruction to the reader. You will definitely be motivated to step into your destiny!

I especially liked chapters 12-17 and hope to share with others. Many thoughtful ideas, and helpful words to live by that could benefit teens needing hope and guidance, adrift millennials, stagnated 40-somethings, and boomers who may be plagued by apathy, and fearing irrelevance.

I chose this book because others have told me how much it helped inform their perspective about major life decisions. I found their assessment and recommendations about this book to be true. Now, I highly recommend this book for those who aim to gain a deeper perspective about planning, decision-making, and maximizing difficult moments toward a positive outcome.

Amazing book. The encouraging words and step by step guidance on how to envision and conquer destiny was impressive. Bishop Jakes doesn't give false hope, however I left each chapter feeling

empowered to step out of the familiar and embrace my God given destiny.

This book written by Bishop T. D. Jakes is so inspired. I can't help reading it day by day after I got it. It is like a guidebook for show-up the vision behind our seeings. T. D. Jakes uses quite a lot of vivid examples to explain his point, which some come from celebrates, some come from his own daily experience. I especially enjoy reading the examples which happened in his church while he is leading the team.
