The Rapture: In The Twinkling Of An Eye--Countdown To The Earth's Last Days (Before They Were Left Behind, Book 3)

Synopsis

The final prequel will have the Rapture three-quarters of the way through the book and then following characters such as Irene and Raymie (and others) up to heaven and being able to see events in the Tribulation from heaven's perspective. The book will alternate between focusing on events on earth immediately after the Rapture (covering lots of things the authors wished they could have covered in the original volumes) and focusing on characters in heaven and how they view the chaotic events on earth.

Customer Reviews

"The Left Behind series ... is among the best-selling fiction books of our times--right up there with Tom Clancy and Stephen King." --This text refers to an out of print or unavailable edition of this title.

Time seems to slow as the clock ticks down. . . . Pan-Con Airlines captain Rayford Steele prepares for a flight to London with beautiful flight attendant Hattie Durham. Because of his wife's newfound faith, Rayford looks forward to time-and the possibilities-with Hattie. Journalist Cameron "Buck" Williams is in Israel when the Russians attack and experiences for himself the miraculous deliverance of the Holy Land. Buck cannot deny Chicago bureau chief Lucinda Washington's insistence that the event was prophesied in Scripture, though he dares not consider the personal ramifications. Meanwhile, Nicolae Carpathia eliminates any obstacles in his path to power. As the newly appointed president of Romania, Nicolae is invited to speak before the U.N. Without warning, millions disappear and are welcomed into the unspeakable presence of God. On earth some

realize what has happened . . . what they've lost . . . what they've missed. And the darkest days lie ahead for those left behind. --This text refers to an out of print or unavailable edition of this title.

If your interested in what your place will be in the very near future, this book will definitely give you a good insight. If your a sceptic look at the world around you. The main key to where we are today, is Israel, look at the size of that country, and then ask yourself how have they stayed around this long. Israel is God's time peace, everything going on today deals with what God is doing with His chosen people. He is getting them ready to get back to the place they were orignally suppose to be, the ones who were suppose to bring the Word of God to mankind. They rejected the Savior sent to them, that was our blessing, now they are about to find out who He is, and believe in Him. This will be the greatest day ever when they receive Him as Lord and Savior after their 7 year tribulation.

DON'T BE LEFT BEHIND

Though the story itself is fictional, it is written from factual biblical references. It is the best apocryphal account I have ever read. This is the second time I've read the prequels of the Left Behind series. This time I read the prequels first and am now reading the Left Behind series, for the second time. I love it and feel that anyone who is searching for Christ will indeed find many answers in these books. I also feel that any Christian who reads this book will become amped up over what will happen in a "twinkling of an eye."

I loved this book and all the other ones I read by Tim LeHaye and Jerry B. Jenkins. As a pre-tribulation rapturist, it made me so homesick to see Jesus. It is so close to the biblical accounts in 1 Thessalonians 4:13 to the end of the chapter.

This is a great book filled with different people at different walks in their lives. There are three books in this part of the story that I would advise reading in order. The Rising: Antichrist Is Born, The Regime: The Rise of the Antichrist and this one. I would then encourage you to continue to follow the characters in reading the Left Behind series which are 12 books. The authors have done such a good job in bringing in the reader into each life character. All of the books are well written with bible references of where the authors draw from to write these fiction books. All the books, as the stories of all the characters play out, are interesting and exciting reading. I couldn't wait to get to the next book as I finished each one!!!!

I had started reading this years ago when I spotted it at a friends house. By the title I knew what this book had to be about. I read the first one and started reading the second of the series. Needless to say, I never finished the second one. I gave the first and second one to my Mom, and my Dad ended up buying her the rest of the series as it came out. I happened upon the first book of the series a couple of months ago and had no idea where the other ones were to the series she had. So I decided to order them through . I actually started with the the 3 Before they were Left Behind, which I recommend, and then started on the Left Behind Series. Let me start out by saying I usually don't do reviews but because of the impact of this series it was a must. Even though they are fiction books all the info is backed up what the Bible tells us in Revelations. I was always hesitant to read the last book of the Bible because it was difficult for me to understand a lot of it. Now I find myself looking in the Bible as a cross reference (which is really what has been done for you, thanks to Tim Lahaye and Jerry Jenkins) and have learned a whole lot by this. It has been an eye opener that is for sure. I totally am starting to understand how the ENTIRE Bible links Old Testament with New and it is amazing. I have not yet read 6-12 (just made an order for the rest of the books recently) but am captivated by it all. Great story line but if you compare the books with scripture you will find they have covered it. I would recommend this to anyone, whether a believer or non believer, it may just change your perspective, for the good. It is action packed to say the least. I think all in all the wisdom you gain is just through the roof if you are not familiar with Revelations. BTW, the friend who gave me the book, his wife had just passed with cancer. A friend of her Church brought it over for her to read. Through lots of prayer they lead my friend to Christ. What a comfort to know where my friend is at after her life on earth!!! Praise The Lord!!!!

The Left Behind Series has always fascinated me. I've always said that besides the Bible, these books are how I will know what's happening on Earth after the Rapture because I don't plan to be here to experience The Tribulation. After reading all 12 books and seeing The Tribulation and The Glorious Appearing through these books, I've wondered how The Rapture would be described. That's always been a tantalizing mystery to me and I thank Tim Lahaye and Jerry Jenkins for their perspective on it through this book and most importantly, through the Word of God. If Jesus came the first time, I have no doubt that He will come the second time and I pray that many will use these books as a catalyst to lead them into a personal relationship with the One and the Only, Jesus Christ.

I picked this book up expecting to be disappointed; however, that was far from what actually

happened! I feel that Mr's LaHaye and Jenkins redeemed themselves with this book, after the travesties that were the first two prequels and Kingdom Come. The Rapture actually drew me back into the Left Behind series--I literally couldn't put it down--and I found it moving in a way the aforementioned installments completely lacked. I definitely suggest that even if you disliked the first two prequels, you read this one. Although it does get a bit annoying in that, toward the end, it repeats a lot of what happened in the beginning of the original Left Behind, if you have not read the first book in the series in quite a while the repetition really isn't so bad.
