Austrian composer and conductor Gustav Mahler (1860–1911) wrote chiefly symphonies and Lieder. Late Romantic in style, his tempestuous works reflect the anxious mood of Europe at the turn of the 20th century. Because of his Jewish roots, the composer's music was suppressed by the Nazis but has enjoyed a steady revival over the past five decades. --This text refers to an alternate Paperback edition.

This score is of the first edition published in 1906. After the premiere Mahler made significant alterations to the orchestration, and this score, obviously, doesn't incorporate them. No criticism implied to the seller, just a clarification to a potential buyer.

This score is one of my favorite Mahler symphonies. Overall it is incredible to see his layering of

orchestration. You will be amazed at how much underscoring there is that sometimes it's hard to notice. Dover's publication is extremely accurate for the most part. There are a few discrepancies between the score and most performances, but I feel that is probably because Mahler constantly revised the orchestration of his symphonies. Overall, highly recommended if you want to see the symphonic master at work at a very affordable price.
