Top 10 Rules Of Ethics For Paralegals (2nd Edition)

Synopsis

Top Ten Rules for Paralegals provides an upbeat approach to understanding professional responsibility in the field of law. Using a straightforward style, it discusses common ethical issues in the real world of law and asks students to reflect on their own personal beliefs. With a focus on research, it encourages students to find the Rules of Professional Conduct for their own state and think critically about ethical issues with those rules in mind. This edition also includes new research assignments that reinforce how to find answers to ethical questions and deal with issues on the job.

This edition also includes new research assignments that reinforce how to find answers to ethical questions and deal with issues on the job.

If you aren't a Baby-Boomer then you definitely need to read this book !!!

This was easy to follow, showed examples, and overall had a good experience.

good overview of paralegal ethical issues, easy to read good "nuts and bolts", practical info only

criticism is that the style is a bit "chatty" and informal

I am taking the Paralegal ethics course coming up next month at the local college. As soon as they released what required book I immediately jumped on as usually the books are cheaper than the college bookstore has them for and more readily available. Anyway, after I saw that there was a kindle version and that it was cheaper than the paperback, I was happy especially since it's only a 2 day course. I checked with the instructor to make sure using a kindle would be ok. She let me know that she was fine with students using a kindle. So I went ahead and ordered it. I have since returned the kindle edition and ordered the paperback. Unless you have incredible eyesight with the ability to read super tiny writing, the kindle version is not for you. It is as if someone just scanned in the book to a pdf that you try to read on a 7 inch screen and called it the Kindle version. Now you can enlarge sections temporarily with your fingers like you do on a website on your tablet or smartphone. but personally that would not be very conducive to me successfully completing my course with the book.

This book was very easy to understand; written in pretty basic language not very complicated. If you are studying to be a paralegal, thus would be the book to buy.

Did not even use this book, it was an absolute waste of money. I would not recommend it.

For a class whereby it served its purpose. Thanks for getting it to me in a timely fashion and at an economical price.

really happy with this purchase ! it was cheap and in great conditions. I thought i was going to receive an overly used book but I received a brand new book!
