# The Panama Papers: Breaking The Story Of How The Rich And Powerful Hide Their Money

## Synopsis

"With precision and purpose, THE PANAMA PAPERS is what 'Follow the Money' means."  
#151;Bob Woodward, The Washington Post

Late one evening, investigative journalist Bastian Obermayer receives an anonymous message offering him access to secret data. Through encrypted channels, he then receives documents revealing how the president of Argentina has sequestered millions of dollars of state money for private use. This is just the beginning. Obermayer and fellow SÃdeutsche journalist Frederik Obermaier find themselves immersed in the secret world where complex networks of letterbox companies help the super-rich to hide their money. Faced with the contents of the largest data leak in history, they activate an international network of journalists to follow every possible line of inquiry. Operating in the strictest secrecy for over a year, they uncover cases involving European prime ministers and international dictators, emirs and kings, celebrities and aristocrats. The real-life thriller behind the story of the century, The Panama Papers is an intense, unputdownable account that proves, once and for all, that there exists a small elite living by a different set of rules and blows their secret world wide open.

"The authors expose a shockingly corrupt system ... A maddening, important indictment of the shadow economy that flourishes even as the legitimate economy suffers."#151;#151;Kirkus Reviews

"THE PANAMA PAPERS is a tale of fearless and careful reporting by Bastian Obermayer and Frederik Obermaier

“How to follow the money”; the lesson of the Watergate investigation a generation ago  
has been given a reboot for the age of globalisation with this commendable  
account.”Financial Times“Bastian Obermayer and Frederik Obermaier, the authors of this  
powerful, lucid, book, show us how the very rich hide their money“;They should make  
journalists proud “; and may even help to make the world a better place.”;New  
Statesman

Frederik Obermaier and Bastian Obermayer are award-winning investigative journalists at the  
Süddeutsche Zeitung, Germany’s largest broadsheet. The first people to have access to the  
Panama papers, they were previously part of the international team of journalists who revealed the  
Offshore Leaks, Luxembourg Leaks and Swiss Leaks. Frederik and Bastian live in Munich.

Unbelievable bad sadly true. A masterpiece.

A must read. Now everyone can understand why corrupt politicians, dictators, drugs and arms  
dealers, FIFA officials, some non-profit organizations are all the same

This is a striking expose of how corporate greed, corrupt politicians, a broken legal and financial  
system can conspire to rob countries that can least afford it; how the rich continues to widen the  
wealth gap and increase the inequality in the distribution of wealth. The question remains though,  
how can this broken world order protect small vulnerable island states from falling prey to these  
problems?A must read for practitioners and students of financial crime and those who assume  
ethics was in danger of extinction.

like the data or information on this book, the writer is very detail describe or explain the process of  
investigation to gather, compile and interpreted the information ..... bravo .....

Fascinating and disturbing. Required reading for all responsible citizens. The simple requirement for  
all nations that beneficial owners of all Companies and Trusts be public knowledge would go a long  
way to fix these injustices.

This is a well researched and informative book which is a must read in today's world of tax havens.  
The writing is taut and the entire read is quite excellent!

I could not put this book down. It was amazing to read how two journalists with the help of a whistleblower we should all be grateful for put together the most powerful attack to date against a corrupt elite. Journalists like the Obermeyers and others who risked their lives to get the Panama Papers out in a way that would move society are modern day superheroes, and reading this book will show you why.

Great book! Brave "brothers". The greatest leak forever. But I am sorry, none of our leaders (Hungary) are figuring in the book, in spite of the huge amounts stolen by them and shifted to offshore banks. Huge, huge amounts.
