# Girls With Swords: How To Carry Your Cross Like A Hero

## Synopsis

What if you discovered you have been entrusted with an invisible, invincible, and incorruptible weapon? Would you use it? If there ever was a time for women to be armed, it's now. Yet the Word of God is a sword we often are more comfortable studying than wielding. It's time for women to take up their swords and use them to connect heaven to earth. Worldwide, women are the targets of prejudice, sex trafficking, abuse, and even gendercide. Lisa Bevere says that these attacks say more about who women might be in the future than who they have been in the past. In *Girls with Swords* she explains a spiritual enemy is seeking to disarm women on every level. It's time for women to become the heroes God created them to be and stand • courageous, discerning, forgiving, and wise. Creatively forging the imagery of swords, the Word of God, and the Cross, *Girls with Swords* will teach you: How to speak the language of heaven on earth What it means to intercede What it means to carry your cross What it means to be discerning How to disarm the enemy Why women are the enemy's target and why God needs them to be heroes It's time to take up your sword and be a hero.
