Ukulele Song Book 1 & 2 - 50 Folk Songs With Lyrics And Ukulele Chord Tabs - Bundle Of 2 Ukulele Books: Folk Songs (Ukulele Songs)

Synopsis

Here is a Bundle of 2 Books - Ukulele Song Book I & II - 50 Folks Songs with Ukulele Chord Tabs and Lyrics. These songs are put together for parents and children who have participated in my Ukulele Workshops. These are 40 all-time-favorite Folk songs for everyone's enjoyment. The songs are in the keys of the vocal range so that the song book can be used for singalongs in your gatherings and parties. The ukulele chord tabs & charts are shown at the beginning of each song

Here are the Titles of the 50 Folk Songs: Ukulele Song Book One

Customer Reviews

These books only have lyrics, no music or tabs, and the chord is in red next to the word you are supposed to play that chord on. (Above it would have been better.) What I like most is that she made a chord chart with each song that shows all the chords that are played in that song..... supposedly. Many of these songs I didn't know the tune to, but I went through and played the ones I did know, and there are some fun ones. I first went through Book 1, and did find a few mistakes, but overall it was okay. Only a few typos in the ones I played, and a few songs that didn't show all the chords at the beginning of the songs. Then I started going through Book 2. First of all, the font is different and harder to read than that of Book 1, and changes size within the same song. That was weird. But the mistakes were everywhere: one song missed showing 3 chords at the beginning, and instead of having chords at the beginning of the word to play them on, they were at the end of that word. Well, most of the time. Sometimes it actually had the chords at the beginning and at the end of the words within the same song. It makes it terribly difficult to play. Book 2 seems like it was rushed to be put together and no one went through and edited it and made sure it actually looked good or that the chords were in the right places. But for 99 cents, it's not bad to be able to have a lot of songs readily available. Just beware that it isn't great quality, and you'll have to figure out where you're supposed to play the chords, and have a chord chart handy for the ones she missed.

Easy to follow I use my computer to view the pages from my Kindle foe Windows 7 and I can adjust the Font to any size I need as well as changing the page color if I like. I have been using this handy little book for sometime now and it has some very good songs.

I'm a total newbie at Ukulele. I like this songbook because it has pictures of the chords at the beginning of the song. Then it has the lyrics with when to play what chord. This is the format I'm used to having used various websites to get free tabs, etc. I know others have complained that there's no strumming patterns or any real direction on how to play the songs, but I find this has what

I need. I like the convenience of the Kindle book because that means I automatically have the book on multiple devices. This is just perfect for a little front porch pickin' which is really all I wanted it for.

I really enjoyed learning to play the songs included in this two book set. I got it on my kindle. I even wrote down the chords to one of my favorite songs Mrs. Robinson by Paul Simon and Art Garfunkel. Also an easy to play version of The Sounds of Silence is in there as well. It is well worth purchasing, for those who love to play and sing the folk songs as I do. I find the chord positions on the Ukulele are easier to play than on my guitar. Don't miss out on a wonderful find.

Everyone knows these songs. They're familiar folk classics that we've all grown up with. The music contains chord charts for each song, and the placement of the chord changes for playing each song. Unfortunately, the way that I hear the chord changes is earlier than where the written music places the chord changes. Knowing that, I'm able to play and enjoy this collection.

I expected more folk songs, as advertised. There were repeats, and most songs, if not all, could be acquired from any ukulele club for free. For .99 I'm not sure it's a big deal, but still no great bargain, and not folk.

Looks very easy. At 65 I decided to learn ukulele, this book makes it easier. Love the Uke. Wish there were more teaching book this easy.

The songs aren't done in TABs. There is no explanation of some of the chord arrangements. It is not a good resource for beginning and intermediate players.
