good

OK, I admit it. I love South Park. I know I'm not in their demographic, but this irreverent, non-PC animated series is one of the funniest f\$%\*ing shows ever aired on cable television. My son loves

the series, has all of the DVDs, and can't wait for new shows every season. I figured he'd get a kick out of browsing through the episode guides, and bought these as a gift for him. OK, who am I kidding. I love the books, too!

fun book to look at but they missed some good quotes and things to mention in it but other than that it full stuff about each episode

Brill watch

This is an addition to my SP collection.

Gotta love this if you love South Park, goes in depth of the episodes you learn a lot it's funny yet cute

Excellent
