101 Power Crystals: The Ultimate Guide To Magical Crystals, Gems, And Stones For Healing And Transformation

Synopsis

The definitive resource for working with powerful crystals! Sparkling, luminous, and colorful, it is no wonder crystals have always been regarded as a source of power from ancient times to present day. But with the enormous number of crystals now on the market, it is difficult to choose exactly the right stone. In *101 Power Crystals*, internationally renowned crystal expert Judy Hall brings together 101 crystals that are powerful across a wide spectrum of uses and suitable for all types of user. Not all crystals suit everyone, and the selection has been specially chosen to offer alternatives and new possibilities that may not have been thought of before. This complete collection includes high vibration crystals that experienced crystal practitioners will want to explore as well as those with earthier vibrations that are suited to beginners or those developing their sensitivities. It also features some rare and recently discovered crystals and stones that have not been included in any other volume, such as Aurora Quartz, Que Sera, Trigonon Quartz, and Preseli Bluestone. Each entry covers the history, mythology, and symbolism of the crystal in addition to its healing properties and environmental effects. There are crystals and stones for love, health, protection, abundance, and many other powers.

Customer Reviews

Judy Hall (Dorset, England) is a successful Mind-Body-Spirit author with over 45 MBS books to her credit including the million copy selling *Crystal Bible* (volumes 1 and 2), *101 Power Crystals*, *Crystals and Sacred Sites*, *Crystal Prescriptions*, and *The Crystal Wisdom Healing Oracle*.

trained healer and counselor, Judy has been psychic all her life and has a wide experience of many systems of divination and natural healing methods. Judy has a B.Ed in Religious Studies with an extensive knowledge of world religions and mythology and an M.A. in Cultural Astronomy and Astrology at Bath Spa University. Her expertise are past life readings and regression; soul healing, reincarnation, astrology and psychology, divination and crystal lore. Judy has appeared four times in the Watkins list of the 100 most influential spiritual living writers and has recently been voted the 2014 Kindred Spirit MBS personality of the year. An internationally known author, psychic, healer, Judy conducts workshops in her native England and internationally. Her books have been translated into sixteen languages.

The Power of Longevity: Agate- Chakra correspondences: Varies according to color and type; stabilizes and cleanses all chakras- **Physiological correspondences:** Skin, eyes, lymphatic system and fluid balance, uterus, stomach and digestive processes, blood vessels, pancreas, skin, emotional balance, mental concentration- **Vibration:** Earthy**Legendary Power**Agate symbolizes wealth, health, and longevity. In Mesopotamia, Agates were engraved as seal stones (symbols of power and authority). Pliny wrote that the Romans used the stone to make mortar and pestles with which to grind medicines. Agate supports life in difficult circumstances, keeping the soul from harm. Legend said that eagles carried Agates to their nests to protect their young from snakebites, so early people wore Agate amulets to guard against the venomous bites of spiders or scorpions. In China, Agate was believed to be the solidified blood of the ancestors. In India and North Africa, red Agates were thought to contain the blood of demons and thus afforded protection against evil spirits. Agate is associated with Archangel Michael and the Shekinah, the divine feminine and merciful Queen of Heaven who rules karmic release, wholeness, and blessings. Almost certainly in the biblical Breastplate of the High Priest, Agate would have been the eighth stone, connecting it to Scorpio. **Healing Power**Travelers in the Arabian and African deserts sucked Agates to overcome the effects of thirst. In the Middle Ages, the stones were used to heal dropsy and fever, relieve insomnia, firm the gums, and prevent epilepsy in children. Today, crystal workers harness Agate's power to bring stability to the physical body and aura, cleanse the lymphatic system, and regulate fluid balance. The stone assists emotional healing and strengthens mental concentration. **Transformational Power**Agate puts you in touch with your inner self. Its power lies in its ability to transmute dark, toxic emotions such as jealousy, bitterness, and resentment, which have a psychosomatic effect on the body, creating disease in the heart and unrest in the soul. Due to its powerful cleansing effect, Agate helps you assimilate challenging life experiences and

recognize the spiritual gifts they offer. By promoting self-acceptance and forgiveness, Agate increases receptivity to spiritual currents in your life. Carrying an Agate stimulates courage to start again and encourages you to hold fast to your own truth. It helps you recognize your eternal nature and the oneness of all things. Although some Agates feature brilliant colors, these effects are created by humans, not nature. The raw stones are heated with minerals, such as iron, to turn dull slices of rock into rainbows of color. Agate reminds us that no matter how base the material we start with, it can be tempered and transformed by spiritual alchemy.

I practically have all Judy's books and this one includes 'shungite' so I am satisfied that after 5 books I bought of her stone and crystal covering she finally includes the most powerful electromagnetic protector, the power shield as she calls it, best acquired in pyramid form if you ask me. But non the less it would still be a wise advise to get a book or information on cleaning and charging your stones & crystals since it is not mentioned here, important can it be for the legendary story but I believe it is more important to know how to charge it like the 'moldavite' is most chargeable in the light of a meteor rain or use of a pumice and water, earth, sun, sage, moonlight...won't do that special trick. Therefore I award it 4 stars, and not 5 on stones alone because of it's lacking in what it's saying: ULTIMATE GUIDE it is not in my perspective, no offense, it's great but there is space enough to add how to charge and clean, leave alone combine the stones with... only for marketing purpose she probably made lots of different books, yet they are greatly detailed in picture and story but not in useful information according to me as it lacks references too...

I just received this book and I am already more than half way through. The pictures are stunning, I own an extensive collection of Crystal books, but the pictures in 101 Power Crystals are the absolute best of any other book I have seen. Simply magnificent. It makes it easy to identify a particular crystal accurately. I love all Judy Hall books and if there is one recommendation I would like to make is: Please make the font a bit larger. (all of them)

I could not decide which to get first, her Crystal Bible or this one, but though I know I'll need both eventually, I'm very happy with my decision to purchased this. This beautiful book with stunning photos has lots of information on 101 powerful crystals at current time, and the information is precise and to the point. The book is somewhat awkward shape and big (11 x 6 in.), that's the only drawbacks! Totally recommended it!

Very informative. Straight to the point with uses! Love it! A-B-C

I really liked this crystal book. I use high vibrational crystals and stones and this book covered the majority of them. The facts were right on with each crystal described and I thoroughly like the book. Great coverage of the stones and uses for them. Many crystals and stones are describe, so if you have many crystals in your possession, then most should be in this book.

The photography is great. The information that is presented on each crystal is in depth enough to inform without boring you. Good reading if you are curious about crystals and the energies they naturally have.

I love this book. The pictures are so bright and vivid. It's a great reference book. So so great if you know nothing about crystals, but if you are a little bit more experienced and are looking for a must have crystal book, this one is it.
