This is really an awesome book! It is not suitable for a beginner, nor is it terribly advanced - more for the intermediate student. Key signatures are not an issue, at first glance I didn't notice anything over 2 sharps or 2 flats. Of course the counting will be one of the biggest challenges, syncopation abounds (a good thing, not a bad thing!) There is a great variety of traditional jazz, and I will

definitely be using this book as an "intro" to jazz for a lot of my students. Very glad I picked this up!!

Fun songs, not always in the typical performance key

Having fun almost every day

Not what I expected.
