Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the

lives, careers, and interests of readers worldwide

Excellent book for new managers. I lead management development classes at my place of work and use this book extensively. It provides a solid overview of management issues and provides a lot of practical tips. Great book.

This was a required textbook for one of my college courses. I found it offered helpful suggestions and guidelines for new managers; a good read and reference material for any manager.

This is a good book rich with new ideas and skills. The person I presented to endorse that assessment.. Like most situations its value would be better appreciated when its material is applied to real life cases. A useful addition to one's library.

A must read before entering management. As an employer I would require all newly hired managers to read this book

Easy to understand. Full of tips for new managers.

Useful tips
