This is an incredibly detailed and informative book, as a ceramist I am constantly looking for ways to challenge my self to create the best restorations possible. This book is one great way to guage where our Labratory is and where we are going.

It has a good balance in theory and Practice. the Art of Ceramic Restorations needs this kind of books. I agree with Dr. Walter Brant.Dr. Roberto AlcantarSantiago, CHILE

Escencial para todo practico en Rehabilitacion.
