The Simple Art Of Napkin Folding: 94 Fancy Folds For Every Tabletop Occasion

Synopsis

Use *The Simple Art of Napkin Folding* to duplicate those beautiful napkin folds you've admired at elegant restaurants and memorable events. It's easy with Linda Hetzer's detailed step-by-step directions and illustrations. Using cloth or paper napkins, create standing triangular-shaped folds (the "Tavern") for dinner parties. A few accordion pleats transforms a piece of cloth into the "Poinsettia." Need festive ideas for a children's birthday party? Make "Sailboats" or "Paper Airplanes." Graduate to more intricate designs that combine napkins with silverware, flowers, and wineglasses. Special features include a stain removal guide for heirloom linens and synthetic fabrics. Easy-to-follow instructions for making napkin rings. Graphs for embroidering initials on napkins. Instructions for stenciling your own napkins. Filled with inspired ideas, *The Simple Art of Napkin Folding* turns any square of fabric into a work of art.

All excited to use this book to teach my daughter.

GOOD

I bought this book after considering several others on line, and now I won't need to buy another. I wanted something that was easy to understand and follow to make the dinner table a little something special for my wife after she comes home from work. Having dinner ready was just not enough for me, and thought about the napkin presentation. This book has more than you will ever need, and each one is clearly drawn out and easy to understand. Money well worth spent.

A great purchase for making that tablesetting perfect. There are so many ideas for folding napkins that will make your table stand out. Very pleased!

After getting the book, we hosted a dinner party. We photocopied several pages from the book and stuck one copy under each guest's plate. To my surprise, people were totally into it - they happily started practicing "their" fold, invented new ones, and just had a good time. More to the point, though - the book is aesthetically pleasing, the designs are possible to follow (although not always *easy* to follow), and in all it's exactly what I expected - a book that shows how to fold napkins in neat ways.

My daughter has enjoyed figuring out how to fold napkins. This book is fun.

Lots of fun and interesting napkin folds, if you have the time, when you're also rushing around trying to get dinner ready and clean up the house at the same time!

Having much fun.....thanks.
