Grade 4-6 • In this well-written sequel to *Boys Are Dogs* (Bloomsbury, 2008), sixth-grader Annabelle continues to adjust to the changes in her life. She's happy and confident, but she feels a bit unsettled by the catty behavior of her new school's mean-girl clique, Taylor and the Terrible T's. They're expert in being sneaky and putting everyone down, and Annabelle just doesn't know how to handle it. In addition, her mom is getting married, and Annabelle's new stepbrother-to-be is so handsome that she can't help but have a crush on him. Margolis handles Annabelle's minor crises with sensitivity and humor, whether describing her first experience shaving her legs, buying her first bra, or standing up for herself even when it means losing a friend. A good addition to collections where the first book is popular, as well as an appealing stand-alone. • Susan Riley, Mount Kisco Public Library, NY Copyright © Reed Business

This book was very well written. It made you think of all the fights in middle school how true they really are. It was a true resemblance of those "catty" girls and how cruel they really are. I highly recommend this book to girls who have a good sense of humor and some idea of what is to come or have passed. To me this book reins true. A very great read!

This is an amazing sequel to the first Annabelle unleashed book, boys are dogs. I've seen the movie (for dogs are boys) and the book is much better. It would have gotten four stars if it had more boy-training in it. That is my favorite part. I am very excited to read Everybody Bugs Out!!!!

It talked about bullying and the situations girls face in school. My daughter (age 10) read the book with me and she really enjoyed it cause she is currently dealing with issues due to catty girls. She enjoyed the authors style and wants to read the other books. Very good ending theme too.

This book is amazing. If u like middle school drama than this is the book for u. The book has a lot of things that a fifth or sixth even seventh maybe graders can relate to in real life. Definitely recommended 100%.

I have a daughter who generally hates to read but has really enjoyed this series. She's a 5th grader, struggles with reading and is a slow reader, but this series has really got her hooked.

This is hands-down the best book ever. I think all teen/pre-teen girls should read this. It is a perfect book that describes what girls go through in junior high and almost high school. This is unlike any boom I have read. If you haven't read this book yet, you should read it!

This was a good book! I finished it in 2 days, I just couldn't put it down! You should really read it!! :-D

I love this book it is so cool sometimes I don't like reading but I always love reading this book!
