The Secret Language Of Dogs: Unlocking The Canine Mind For A Happier Pet

Synopsis

The star of Animal Planet's *It's Me or the Dog* Victoria Stilwell reveals how to both interpret and speak the hidden language of dogs. Recent studies into the minds of canines show that they have a rich social intelligence and a physical and vocal language as complex and subtle as our own. In this fun and fascinating guide, world-renowned trainer Victoria Stilwell explores the inner world of dogs. This book is your guide to understanding your pooch, communicating effectively, strengthening your bond, and helping dogs learn in the most effective way possible so they feel confident navigating the human world with success. Along the way, you'll learn the answers to questions such as:

- What do different tail wags mean?
- What does being right-pawed say about my dog's personality?
- How can I tell the difference between boredom barking and warning barking?
- What does it mean when my dog spins around, arches his back, or gives me the whale eye?
- Do dogs feel guilt?
- How do dogs perceive human faces?
- Why do some scientists think dogs' emotional experience is even greater than ours?

Filled with adorable full-color photographs and instructive illustrations, this insightful dog decoder will soon make you dog's best friend.

VICTORIA STILWELL is best known for her role as the host of Animal Planet's hit TV series *It's Me*

or the Dog. Born and raised in Wimbledon, England, she has also served as a judge on CBS' Greatest American Dog and is involved with rescue groups around the world. Stilwell has been featured in numerous magazines and journals, has appeared on countless television and radio shows in the United States, Europe, and Asia, and her popular Positively Podcast series is heard by listeners worldwide. Named 2009's Dog Trainer of the Year at the Purina Pro Plan Dog Awards, Stilwell lives in Atlanta, Georgia, with her husband, daughter, and two rescue dogs.

I found this book very informative and easy to understand. I have recommended this book to the old and young whether they are dog owners, dog lovers or those that just want to learn about and understand the canine actions and reactions and why they do what they do. Thank you for a good read.

This book helped me out greatly, since I adopt older dogs. I now know why one of my dogs had problems since I know nothing about her history. I did everything right with Boca. Also after a while I plan on becoming a foster mama or continue to adopt older dogs. They have their own personalities and appreciate the help and assurance I was doing things right.

This very readable book gives excellent advice about understanding our dogs. I would recommend it to anyone who wants to appreciate and understand what incredible creatures dogs are.

Outstanding book! Using the most recent science, Victoria Stilwell explains the most modern and compassionate training methods yet! I highly recommend this book to anyone getting a dog or to families who already have a dog family member, you won't regret it!

This very readable book gives excellent advice about understanding our dogs. I would recommend it to anyone who wants to appreciate and understand what incredible creatures dogs are.

Five Stars says it all: practical, intelligent, visual, and sincere.

Bought this book as a gift. My dog-loving father was super happy about it - I will update you later with his full review! :)

Exactly what I wanted.
