Rising Darkness: Book 9 (A Rylee Adamson Novel)

Synopsis

Rising Darkness, like all of Shannon Mayer books is so fast paced and action packed you are hooked from the first page! It will make you laugh and cry all while on the edge of your seat! This series is one of my all time favorite Urban Fantasies! I'm sad that the next book, Blood of the Lost will be the last. I don't want to say goodbye but I also can't wait to see how it ends!- Sara w/ Boundless Book Reviews

From HiJinks Ink Publishing and Shannon Mayer comes RISING DARKNESS (BOOK 9) in The USA Today Bestselling RYLEE ADAMSON NOVELS. With over 1.5 million books sold, Shannon Mayer proves once again she can dominate her genre right out of the gate."My name is Rylee and I am a Tracker."When children go missing, and the Humans have no leads, I'm the one they call. I am their last hope in bringing home the lost ones. I salvage what they cannot. One last salvage and the final battle with Orion and the demon hordes will be upon me. I don't know the name of the person I'm Tracking, or what she looks like so finding her is going to be . . . impossible. But she is the key to defeating the demons. The world has been swept with a plague that is killing not only the humans, but every supernatural it touches. While I'm out Tracking, my allies are being wiped out. Worse than all of this? I am losing Pamela to the darkness with every second that passes. I'm not sure even I can control any of these outcomes But that doesn't mean I'm not going to try.

Customer Reviews

NOTE: SOME SPOILERS IN HERE. YOU HAVE BEEN WARNED. By the way, before you read this book, you definitely need to read *Stitched*, book 8.5

(<http://www..com/Stitched-Book-Rylee-Adamson-Novella-ebook/dp/B00TQ70PMG>). It's a quick read, but it fills in a lot of details that this book continued on with. I read this book in about 7 hours. It's exactly what I expect from Shannon's Rylee Adamson novels. Except, this book wasn't so much about Rylee this time, as all the other books have been. Rylee was, of course, front and center, but there was a lot more of another character who is going to play a much bigger role than anyone expected. And a third of the familiar characters undergoes a big change. And Liam isn't as long gone as we thought, but he's twisted up inside someone else. All the while, Orion sets about wreaking havoc in the world. Great, just what Rylee needs. More confusion. This chapter sets up the final book perfectly. And just as planned, I can't wait for it.

I absolutely love the Rylee Adamson series. You truly never know what will happen from one page to the next. There is a new struggle and heartache around every corner for this interesting "family" (aka band of powerful, mystical misfits), but there are moments of utter joy and happiness sprinkled in that make it all worth it. While I certainly have my favorites, I have simply fallen in love with all the characters throughout the past 9 books. Each is well developed, with a mini storyline all their own. I would love to see some follow up series centered around some of the other characters. I hate the thought of this crazy, fun crew just disappearing after book 10 this Fall. My only complaint would be that this book ended too soon and on yet another cliffhanger - I am ready for the next book!

I was so happy to see that the "last" Rylee Adamson book had come out and that I could finally see how everything was wrapped up. I ordered it and read it up in a day (on my first day of vacation last weekend). I'm also pleased to see that the author has continued to make use of an editor. It makes reading her books so much more enjoyable. I was probably 3/4 through when I realized that no, we will not get an ending to the story anytime soon. Don't get me wrong, I have enjoyed these characters immensely and zip right through the book; however, the feeling started with book 8 that

the author is just dragging out this story too long. I will be really frustrated if Book 10 turns out to be more of the same. At the same time, I found myself confused about a lot of the story until I finally realized that some of the "new to me" characters had already been introduced in a novella. I am not a reader of novellas, and I am not an electronic reader. I like to hold a book in my hand and put it on the shelf when I've finished. That said, I do not own a kindle, so I could not have read the novella even if I wanted to! I am paying enough for these books that I do not appreciate being short-changed in the information department. If this had happened earlier on in the series, that would have been the end of the series for me. I have been very patient with her lack of editing, drawing out the story etc. and have been a faithful reader so I have to read the last book to find out what happens. However, if she throws in another novella in the meantime AND doesn't make it available to everyone, I will be turned off Shannon Mayer altogether.

The 9th installment of this series focuses a lot on young Pamela. Her personal battle with darkness is hard on her. In the end she alone must make a decision. To let it consume her or to overcome it? Of course Rylee and co are all back trying to save the world. What's left of them anyway. Orion is of course back to being evil and apocalyptic. The world has gone to Hell in a hand basket. Some of our motley crew will die or be hurt. We gain an important ally. Liam and Faris contend with their unusual situation. Rylee just keeps going. She's gone smarter since the start of the book. Much less impetuous now, she tries to look at the end game far more than she ever did. Love this series!

I have to say with all honesty I do like this series. I found it fun. Now with that out of the way, let's be really serious. There were numerous grammatical mistakes throughout the book, including the advertisements for this book and some of this author's other books. That to me is inexcusable when you are charging me just short of \$4 each book in a series that requires purchase of additional in-between books for about \$3 a piece. Shannon Mayer, for all that she has created an interesting world and fun characters, is not a wordsmith. She is no Tolkein. To continue milking her readers out of their hard-earned money with never ending .5's that you are forced to read or you don't understand what the ... is going on is really just poor manners towards her readers. If I knew I was going to spend collectively over \$40 for this series of books that I am able to finish within 1 day each, I probably wouldn't have started it in the first place. The whole thing has just left a bad taste in my mouth at this point. I hope the last one comes out fast so I can just put the nail in the coffin already.
