The Fun Things To Do In Boston Guide: An Informative Boston Travel Guide Highlighting Great Parks, Attractions, And Restaurants (U.S. Travel Guides Book 3)

Synopsis

There are a lot of comprehensive travel guides out there showing you everything that Boston has to offer. But in our opinion, not all of those things are worth your time or money. So, our purpose was to take all of the things to do and places to eat in Boston and condense them down to our top 10 lists. That way, you can make the most of your time in Boston, since we know that your time is valuable. In the Fun Things to Do in Boston Guide you will see our top 10 things to do list, including parks, attractions, and museums. You'll also get access to our top 10 restaurants. And for both the attractions and restaurants you'll get all the important details and will find out what stands out about each and what to watch out for. And we even included some tours with some creative ways to see Boston's attractions. Be sure to bring your Kindle or other reading device when you hit the Boston streets, as you will want to refer to our guide throughout your fun filled trip. You'll notice that we have provided links to maps throughout the guide so you can quickly find your way. We hope that this guide inspires you to go out and discover something new and exciting in Boston! So, order a copy. You won't be sorry!

Customer Reviews

First off, this book is very well-written. I picked it up just to check it out as I'm traveling to Boston in September. Soon I was wrapped up in the history and magic of Boston! What I really like about the book though is that it is directive. For example, it lists the top ten things to do in Boston with enough description for me to decide which ones really are for me. It's much easier than ploughing through a huge tour book or searching on-line. It's clear, concise and interesting. I've been to Boston before, but I've never been to some of these sites. Now I want to go! I think this guide would be excellent for anyone who is visiting Boston and anyone who lives there. I live in San Francisco and I'd like to have a guide like this that tells me what I should visit here!

My family enjoys visiting Boston frequently so I picked up this guide to see what we may have missed in our past visits. We have missed a lot!! really enjoyed the way this guide was laid out. With chapter titles such as, "Follow the Red Brick Road," and "From Cattle Grazing to Celebrations," I was immediately drawn in. The author really covers it all: historical landmarks, great places to eat and shop, sports, tours, museums, as well as off-the-beaten path places to visit and explore. A map is included as well, which makes getting around even easier. Not only is this guide informative, but it is well-written and entertaining. There are so many places listed in this book that we have not been to; I cannot wait to return and explore Boston anew!! highly recommend this book for anyone going to Boston and wanting to get the most out of their trip!

I am going to be visiting Boston for the first time in September and found this great guide. First of all, I love to have fun so the title really attracted me! This is really more than just a guide of fun things to do though, it is a full blown resource for activities, restaurants, tours to take on top of the "fun things" to do. I'm really happy with my purchase and feel great knowing that if I ever feel things slowing down while in Boston I can pull out my phone, load up my kindle reader and in less than a minute get a great idea for something to do!! give this nifty guide 5 stars.~ Mateo

Downloaded this for an upcoming trip to Boston. The info was helpful in planning ahead. We ended up taking a hop on hop off (three day) trolley pass which took in the majority of important sites. This book helped provide a little more in depth description of what to expect.

This was a great little book for people who don't have excessive time reading lots of literature before making a trip. I downloaded it to my kindle and we did make it a priority to go to one of the recommended tours.

Not all that impressed. Everything in this book can easily be found on the internet. Not all that impressed. Save your money and google it.

We were interested in most of the items. Glad it was available on Kindle.

Helped us plan our time in Boston. Certainly made our preparation for our visit there much easier.

Well worth the price
